How to be safe
around animals!

Know that animals can carry germs that can make people sick.

Never eat, drink, or put things in your mouth while interacting with animals.

Older adults, pregnant women, and young children should take extra care around animals.

Wash your hands with soap and water after interacting with animals.

Know that animals can carry germs that can make people sick.

Never touch, interact, or follow any wild animal that you may see.

Observe wild animals from a safe distance.

Watch out for wild animals in the daytime and call an adult if you see one.
